Relevant Legislation

As a Registered Training Organisation (RTO), we work with a number of Government authorities and departments, and we are required to comply with a range of legislation and guidelines. We work hard to meet all of these requirements. There are a range of these requirements that affect each and every one of us in our roles, as described more fully throughout this Handbook.

These include:

Courses

Churchill offers nationally recognised qualifications under the Australian Qualifications Framework (AQF), www.aqf.edu.au which can be found at www.training.gov.au/Organisation/Details/31430 or www.churchilleducation.edu.au.

Our scope of available qualifications changes from time to time, as courses change.

After you have met the requirements of your course, you will be issued the relevant Graduate Diploma, Advanced Diploma, Diploma or Certificate with an academic transcript listing all of the units of competency you have achieved.

Nationally recognised qualifications are made up of individual units of competency. If you do not meet all of the course requirements but have completed the requirements for one or more units of competency, you will be issued an AQF Statement of Attainment for the unit(s) you have completed.

Enrolment

Churchill has open, fair and transparent procedures, based on merit for making decisions about:

- a) The selection, from among prospective students; and
- b) The treatment of students.

Prospective students seeking to enrol with Churchill, regardless of their background or circumstances, will be assessed for entry through the same published entry requirements. To enrol in a course at Churchill you are required to participate in an enrolment process. This process includes completing an enrolment form. You may obtain an enrolment application from Churchill by contacting us on 1300 793 002 and our team members will assist you with information about your prospective enrolment.

Courses may have entry requirements for students, and these may change from time to time. Visiting our website is a great way to ensure you have the most current information about courses and course entry requirements. The enrolment procedure also includes an interview/conversation with our team.

In this interview (which can be on telephone or in person), we will discuss why you are interested in the course, your learning needs and life situation. This is to help us understand whether this course, delivered in the manner that Churchill offers the course, is going to best suit your needs. It will also consider a student's academic suitability for a course.

This interview will focus on the pathway known as Recognition of Prior Learning (RPL). RPL allows you to obtain credit for your existing work skills, previous employment, and life experiences. Churchill will assist you to complete RPL if you have previous relevant and current experience and discuss what evidence you will need to compile in order to satisfy RPL requirements.

Also, the interview will cover:

- Information about the course (such as course title, duration, mode of delivery, course content, course cost, entry requirements)
- Information about student loans that a student is interested in accessing
- An explanation of the enrolment process
- Our obligations and your obligations

At the conclusion of the interview, you will be able to decide if you wish to continue with your application for enrolment.

If you do elect to continue, your application will be considered.

Churchill's student selection process is completed in a timely, ethical, and responsible manner, and enrolments will only be accepted where the applicant meets the published entrance requirements.

Final enrolments may be conditional upon the provision of proof of completion of pre-requisite criteria or upon other factors detailed in an offer to a student. Failure to meet the conditions of offer shall result in the withdrawal of the offer and cancellation of the enrolment.

Churchill reserves the right to cancel the enrolment of any person where the enrolment was made on the basis of incomplete or inaccurate information supplied by the applicant or a certifying authority.

Copyright Acknowledgement

It is a condition of enrolment that you acknowledge and agree that all copyright and other intellectual property rights, in the materials provided to you as a student, remain the property of the lawful owner/proprietor and do not, at any stage, vest in you, the student.

Unique Student Identifiers (USI)

The Unique Student Identifier or USI is a reference number made up of 10 numbers and letters that:

- creates a secure online record of your recognised training and qualifications gained in Australia, even from different training organisations
- will give you access to your training records and transcripts (available in 2016)
- can be accessed online, anytime and anywhere
- is free and easy to create and
- stays with you for life.

If you are a new or continuing student undertaking a nationally recognised course, you need a USI in order to receive your qualification or statement of attainment. If you don't have a USI, you will not receive your qualification or statement of attainment.

Your USI will give you access to an online record of the training you have done since 1 January 2015. You will also be able to produce a comprehensive transcript of your training. This can be used when applying for a job, seeking a credit transfer, or demonstrating pre-requisites when undertaking further training.

If you are a New Zealand citizen, you cannot apply for a USI while overseas. You will require a USI if you undertake a VET course in Australia, and you will be able to apply for a USI once you have entered Australia on your NZ passport.

However, if you are an Australian expat or resident and have an Australian ID, you need a USI even if you do the VET course while outside Australia.

You can create an USI by going to <https://www.usi.gov.au>.

Fees and Refunds

When you enrol in a qualification, there are fees payable.

Fees vary according to courses.

Students have a range of payment options that really let you make the best choices to suit your financial situation. For example, you can choose to:

- Pay all of your tuition fees upfront. This might mean using money you have saved up or using your own personal credit facility, such as a credit card.
- Pay your tuition fees progressively through the course. This means you can structure your finances to suit your budget.

The range of payment options available is designed to suit everyone's personal circumstances and still help you develop your education.

A copy of the Churchill Refunds Policy can be found on our [website](#).

It is important for students to have the assistance they need in order to complete their program. Churchill has a compassionate approach to the needs of students and will endeavour to provide support services either from our internal resources or refer a student to an appropriate external agency.

Churchill will meet the needs of individuals, and the community as a whole through the integration of access and equity guidelines. These are incorporated into Churchill's operational procedures, and we prohibit discrimination towards any group or individuals in any form.

Churchill will ensure that equity principles are implemented through the fair allocation of resources and the right to equality of opportunity without harassment, bullying and discrimination.

Programs are designed and wherever possible facilities set up to enhance flexibility of delivery in order to maximise the opportunity for access and participation by clients.

For more information refer to our [Equity & Access Policy](#).

Recognition of Prior Learning (RPL)

The aim of Churchill's Recognition of Prior Learning Policy (RPL) is to ensure that individual's prior learning, achieved through formal and informal training, work experience or other life experiences, is appropriately recognised. Completing a Recognition of Prior Learning process still requires that students are assessed against the same criteria as students without prior experience. The method of assessment will be different, through Recognition of Prior Learning.

Churchill works according to the National Assessment Principles in accordance with the Australian Skills Quality Authority (ASQA), www.asqa.gov.au or Australian Quality Training Framework, (AQTF).

Recognition of prior learning focuses on identifying the endorsed industry/enterprise competency standards currently held by individuals as a result of formal and informal training.

Churchill will ensure that the procedure for Recognition of Prior Learning incorporates a range of valid and reliable techniques designed to accurately assess competencies held.

Where a full qualification can be assessed by Recognition of Prior Learning you can have a conversation and preliminary assessment of your suitability for Recognition of Prior Learning assessment call our Skills Recognition Advisors on 1300 793 002 or visit www.churchilleducation.edu.au.

Recognition of Qualifications issued by other Registered Training Organisations

Credit transfer assists students to progress through qualifications by recognising and giving credit for learning outcomes they already have achieved. This credit may allow a student entry into a qualification and/or provide credit towards the qualification, reducing the time required for a student to achieve the qualification. Churchill recognises and gives credit for the Australian Quality Framework qualifications and statements of attainment achieved by a student and awarded by other Registered Training Organisations.

Statements of Attainment and/or qualifications already held by the student must be provided to Churchill. These must be authentic and clearly document the units of competency that have been achieved.

The credit transfer process involves:

- mapping, comparing, and evaluating the extent to which the learning outcome, discipline content and assessment requirements of the individual components of one qualification are equivalent to the learning outcomes, discipline content and assessment requirements of the individual components of another qualification, and
- making a judgment about the credit to be assigned between the matched components of the two qualifications.

Our team members will ask you if you have completed any prior qualifications or Statements of Attainment. If you wish to apply for a credit transfer, our team members will work with you to complete this process.

Course Delivery

Churchill currently offers our qualifications through the recognition of prior learning and blended learning pathways.

Course Assessment

Each course will require an assessment of the students' skills and knowledge. The objectives of the assessment process are to confirm that you have acquired the competencies relevant to your qualification and to demonstrate that you are competent to the agreed industry standard.

In keeping with the principles of competency-based assessment, the determination of competence will be made on an aggregate of the evidence, rather than on isolated assessment activities or events. Students are assessed as either "competent" or "not yet competent" relative to the required performance standard. Students are not graded by percentage marks or order grades (A, B, C etc).

Students who are dissatisfied with a decision made by Churchill in relation to their assessment and re-assessment may access our Complaints and Appeals process.

Appeals and Complaints Procedures

If a student is not happy with an assessment outcome, they have the right to appeal the decision. This should be discussed with the Assessor, in the first instance, as soon as possible.

If a student makes a complaint about any matter other than assessment, the team member, to whom it is reported, will attempt to resolve it immediately.

For more information about Complaints and Appeals, visit our [website](#).

If the student/candidate is not happy with the outcome from Churchill, you may seek independent avenues of appeal, including Australian Skills Quality Authority (ASQA), www.asqa.gov.au or National Training Complaints Hotline on 1800 000 674.

Course Withdrawal

To withdraw from a unit, you must advise Churchill Education.

In some circumstances, a refund of course fees may be available. Contact our Student Support Team to discuss your situation.
